Boulevard Banners

Boulevard Banners are perfect for colleges, universities, dealerships, organizations, cities, towns and everywhere in between. Pole Banners can be a great way to get your message across to the masses.

Celina Tent is the manufacturer of the highest quality Avenue Banners on the market today. Celina produces its Light Pole Banners using the Duraprint. It is a 16 oz vinyl reinforced with 9x9 scrim. Constructing our banners in house gives us the ability to make sure you get what you're looking for.

Since they're made for outdoor advertising, these light pole banners are hardy in any weather, and meant to look great from a distance and up close.

Street Sign banners are perhaps the single most effective waypoint indicators, creating a professional and inviting means to let visitors know exactly where they are. Lining your Main Street, downtown shopping district, shopping center, college campus, or office park, light pole banners are distinctive, inviting, and unforgettable.

Artwork templates and guidelines can be found online on the custom printing tab of each item.
